ACADEMIC PLANNING GUIDE - PRE-PROFESSIONAL: OCCUPATIONAL THERAPY

This planning guide indicates ONLY the pre-occupational therapy pre-requisite courses. The student will need to refer to the Academic Planning Guide for the Major they intend to pursue for more direction concerning core curriculum and major requirements. Each occupational therapy school has slightly different required pre-requisite courses. We have indicated below the common courses required by some occupational therapy schools, however, additional courses may be required. We advise the student to meet with the Director of Health Professions Advising for more information regarding required pre-requisite courses and other occupational therapy school information.

PRE-OCUPATIONAL THERAPY TRACK

Science Courses:
- BIOL 1250: Introduction to Human Anatomy (4) - meets Life Science Requirement
- BIOL 2930: Advanced Human Physiology (4)
- STAT 1490: Introductory Statistics (4) - meets Analytical & Quantitative Requirement
- PSYC 2700: Human Lifespan Development (4)
- PSYC 3600: Abnormal Psychology (4)

Non-Science Courses:
- SOC 1910: Introduction to Sociology (4)- meets Culture & Society Requirement

Notes:

The University offers a pre-occupational therapy program and this program is not a major in the strict sense, but are sequence of courses, which are pre-requisite courses to apply to occupational therapy schools. Students who are contemplating entry into a occupational therapy program will understand the increasingly competitive nature of this field. North Park has a Director of Health Professions Advising who will provide guidance for pre-occupational therapy students which enable its graduates to compete very favorably for entry into such programs.

North Park University and Washington University School of Medicine in St. Louis Program in Occupational Therapy has an affiliation agreement. For further details, please contact the Director of Health Professions Advising.

What is the Office of Health Professions Advising?
The Office of Health Professions Advising will support faculty advisors in guiding, advising, and preparing students to enter a health professional school that will allow them to live a life of significance and service. One of the office’s many goals is to build relationships with internal and external communities to create opportunities for students wishing to enter a health professional school. Students who indicate Pre-Dental, Pre-Medicine, Pre-Occupational Therapy, Pre-Optometry, Pre-Pharmacy, Pre-Physical Therapy, Pre-Veterinary and any student in the Medical Studies Post-Bachelor's Degree program are tracked by the office to make sure they are on the right path to apply for admission to a health professional school.

What services does the Office of Health Professions Advising Provide?
The Office of Health Professions Advising assists students with the following:
• Professional School Application Preparation
• Personal Statement Guidance
• Pre-Health Advising Committee Letter
• Professional School Admission Interview Preparation
• Health Career Advising

The office also plans pre-health events, workshops, and assist students who are not sure if pursuing a health career is the right path for them.

#### Explorations
Knowledge in specific disciplines, with strong emphasis on how you can use them in the context of your own life

- Art and Aesthetics (2sh)
- Christian Life & Thought (4sh)
- Life Science (2sh/lab) *met by BIOL 1250*
- Physical Science (2sh/lab)
- Culture and Society (4sh) *met by SOC 1910*
- Ethical Reasoning (2sh)

#### Intermediate Level Writing
Two courses in the context of your major that specifically address writing clearly and doing effective research

- Writing Intensive Course (4sh)
- Research Writing Course (4sh)

#### Keystone
Interdisciplinary integration of skills and knowledge applied to contemporary social issues

- Keystone Seminar (4sh)

---

The Academic Planning Guide is designed as a guide for students planning their course selections. The information on this page provides only a suggested schedule. Actual course selections should be made with the advice and consent of a faculty advisor. While accurately portraying the information contained in the university catalog, this form is not considered a legal substitute for that document. Students should become familiar with the catalog in effect at the time in which they entered the institution.
