Post Completion OPT Information and Eligibility

What is Post Completion OPT? Optional Practical Training is an opportunity for F-1 visa students to gain one year of practical work experience in their major field of study after completing each academic level. (Post-Completion OPT is available once per academic/degree level.)

What kind of work can I do during OPT? Your employment must be directly related to your academic major. Working in your minor is not allowed. (See “Employment Guidelines” for more information.)

Must I already have a job in order to apply? You are not required to have a job at the time of application nor by your OPT Start Date. (See “Unemployment Regulations” for more information.)

How long is OPT? 365 days.

How does participation in CPT affect my eligibility for OPT? If you complete one year (365 days) or more of full-time CPT during your degree program, you are not eligible for OPT.

When does OPT begin? You must begin within 60 days of the Program End Date on your I-20.

How do I apply for OPT? Your application for OPT must take place in cooperation with the Office of International Affairs.

- You must attend an OIA OPT workshop during the semester you graduate.
- You must submit a paper application. Do NOT apply online.
- You must collect all required documents and schedule an individual appointment with OIA. (You will receive a new I-20 from the OIA and recommendation in SEVIS at this time.)
- You must submit your completed application to USCIS in a timely fashion. Receipt of OPT is not guaranteed.
