PROFESSOR OF EXERCISE SCIENCE

The School of Nursing and Health Sciences at North Park University seeks applications for a full-time tenure-track faculty member to begin Fall 2020. The successful candidate will teach 24 semester hours per year in exercise science or related fields, based on their qualifications and needs of the School. Additional responsibilities include the advisement and mentorship of students, implementation of a scholarly agenda, and participation in university wide service. Rank and salary are commensurate with qualifications and experience.

Minimum Qualifications
- Doctoral degree in exercise science, health science, exercise physiology, or closely related field; ABD will be considered.
- Evidence of a research agenda.
- Ability or willingness to learn to use instructional technology efficiently.
- Ability to incorporate the university’s Christian, city-centered, and intercultural distinctives into teaching and service.

Desired Qualifications
- Demonstration of successful teaching at the university level.
- Expertise in exercise physiology and/or health fitness.
- Health or fitness-related certification.
- Professional experience in an exercise science-related field

Application Instructions
Please send a cover letter and curriculum vitae to the address below. Instructions will then be sent on how to complete the application process.

Bryan Cobb, PhD – Search Chair

**About North Park**

Founded in 1891, North Park University is a Christian university of over 3,200 students from around the country and the world. The institution is owned by the Evangelical Covenant Church, and we seek applicants for employment with a personal commitment to ethnic diversity, the city, and our mission of Christian higher education. We are an equal opportunity employer and encourage underrepresented groups to apply.
