MAY 15, 2021

NORTH PARK UNIVERSITY

A Brief History of North Park University

North Park University's roots can be traced back to a church basement in Minneapolis, Minn., in 1891, where classes in music, religion, language, and business gave Swedish immigrants education and skills to prosper in a new nation. With an offer of land in Chicago, the school moved to the North Park neighborhood just north of the city limits, which at that time ended at Irving Park Road.

In the fall of 1894, Old Main, the first building on campus, was completed. The Georgian Revival structure housed all departments of the school—classrooms, faculty offices, sleeping quarters, library, gymnasium, and dining room. In the 1920s, pilots used the cupola atop Old Main as a landmark to find Orchard Field (today's O'Hare International Airport), as the cupola was the tallest point on the city's north side.

Since that time, North Park has expanded and adapted its educational mission to the changing times. At various times it included a seminary, academy, junior college, four-year liberal arts college, and, since 1997, a university. In recent years, much time and many resources have been invested in renovating campus facilities, including the 2001 construction of the Brandel Library, the 2003 renovation of the central campus green, the 2004 construction of the Holmgren Athletic Complex for football, soccer, softball, and baseball; the acquisition of the Park North student residence in 2005; the addition of the Helwig Recreation Center and Sawyer Court student residence in the fall of 2006; and the renovation of Burgh Hall in 2008, Ohlson Hall in 2009, Sohlberg Hall in 2011, Anderson Hall in 2012, and the Johnson Center for Science and Community Life in 2014.

The university's distinction for city-centered learning was advanced in 2017 with adoption of Chicago-based curricular and co-curricular programs collectively identified as CATALYST 606__.

Mission

The mission of North Park University is to prepare students for lives of significance and service through education in the liberal arts, professional studies, and theology.

Aspiration

North Park University will be distinguished as the nation's leading city-centered Christian university during the coming decade and beyond.

Core Values

- Christian—We nurture Christian faith while welcoming students from all faith traditions.
- City-centered—We engage Chicago as our dynamic place of learning and service.
- Intercultural—We embrace and value all people, educating students for the complex global cultural tapestry.

Educational Ideals

Reflecting the core values which shape our distinctive learning community, students at North Park University experience an education that:

- Is rooted in and committed to the Christian faith and its sacred text, the Bible
- Engages Chicago as a dynamic context for learning and service
- Embraces all people and celebrates the richness of cultural difference
- Affirms learning in all its forms—in the classroom and beyond—as a gift, a joy, and a sacred obligation
- Encourages dialogue as a means of learning where open inquiry, integrity, and civility guide our life together
- Seeks to form and transform the whole student (intellectually, socially, and spiritually)
