VISITING ASSISTANT PROFESSOR OF MATHEMATICS

NORTH PARK UNIVERSITY, CHICAGO, Department of Mathematics, invites applicants for a Visiting Assistant Professor in Mathematics for the 2021-22 academic year. Position is salaried with benefits.

Responsibilities include teaching four (4) undergraduate courses per semester. The visiting professor will teach courses including *Introductory Statistics* depending on the expertise of the candidate.

Candidates will also have the opportunity to participate in departmental activities and meetings, as well as University events and programs for professional development.

Preference will be given to applicants with a PhD in Mathematics, Statistics, or related area; qualified Masters and ABD candidates will be considered.

We seek a gifted teacher and scholar who is enthusiastic about teaching in a Christian, liberal arts environment that is open to all students. For more information about NPU, visit our website at: [www.northpark.edu](http://www.northpark.edu).

North Park University seeks to appoint the most qualified and competent persons available who are in harmony with the mission of the university and its philosophy of Christian higher education. All full-time faculty members are expected to be committed Christians both in faith and action.

Interested candidates should review the [North Park Faculty Application](http://www.northpark.edu) and submit a letter of intent, a curriculum vitae, and the required essays through [mathjobs.org](http://mathjobs.org).

Review of applications will begin immediately and continue until the position is filled. Preference will be given to submissions completed by midnight of 11 July 2021.

Founded in 1891, North Park University is a Christian university of over 3,200 students from around the country and the world. The institution is owned by the Evangelical Covenant Church,
and we seek applicants for employment with a personal commitment to ethnic diversity, the city, and our mission of Christian higher education. We are an equal opportunity employer and encourage underrepresented groups to apply.
