The Time is Now to Get Vaccinated and Complete the Vaccination Status Form

Now’s the time to get your vaccination if you plan to but haven’t already – and upload your documentation to the [Vaccination Status Form](#).

We are excited about returning to a fully active campus life! To do that safely, vaccinations are strongly encouraged and expected.

The University is requiring ALL students and employees to complete the Vaccination Status Form and upload a photo of their vaccination documentation, or else agree to abide by safety policies for unvaccinated individuals. **The deadline for employees to complete the form is July 23. The deadline for students is July 30.**

Fully Vaccinated North Parkers will be exempt from most or all protocols as we begin the fall semester.

To keep the campus safe, unvaccinated North Parkers – and those who do not submit the Vaccination Status Form and upload documentation – will need to:

- Sign an Assumption of Risk
- Submit results of a negative Covid-19 test taken within 72 hours before arrival on campus at the start of the semester.
- Enroll and participate in the University’s weekly Covid-19 testing program throughout the semester (at the University’s expense).
- Wear masks indoors where they cannot observe a safe distance.
- Quarantine if they test positive or are determined to be a close contact of someone who tests positive.

The easiest and safest option is to get vaccinated this summer if you haven’t already, and complete the [Vaccination Status Form](#)!

For more information and updates, check our [Fall 2021 Planning Page](#).

Employees may direct questions to [hr@northpark.edu](mailto:hr@northpark.edu) and students may direct questions to [healthservices@northpark.edu](mailto:healthservices@northpark.edu).

Thank you,

**The Pandemic Response Team**
